Microsoft Business Solutions

**EMPORIS Academy Pvt.Ltd.**, is a one stop solution for MS Dynamics Ax learning with an expert management team. Certified by Microsoft as their learning solutions partner, EMPORIS provides competent training to individuals and corporates which enable them to gain an entry into the emerging Dynamics market.

**Microsoft Dynamics Ax** is a Flagship ERP from Microsoft. Ax is an adaptable business-management solution that helps a business enterprise to make business decisions and implement the same effectively. As an enterprise capability and needs, change and multiply, MS Dynamics Ax provides smooth implementation, customizations and modifications that can design, edit and compile within a single screen and have changes appear in minutes.

#### **Familiarity of the software**

Reduces the learning curve so that people can start working quickly and focus on what's most important doing their job and developing innovative solutions to help building the business.

#### **Multi-nationality functionality**

Gives you built-in multi-site, multi-language and multi-currency capabilities in 36 countries and 40 languages. Unicode compliance enables you to integrate with subsidiaries where the language might use a multi-bit character.

## **About Us**

One of the very few authorized training partner for Microsoft Dynamics Ax in India.

Only training partner to extend and refine Microsoft's education kit to provide Implementation level training for those seeking Mx Dynamics Ax Certification.

Only training partner to have implemented a 100% Faculty Development Programme to ensure students have access to Certified Experienced Trainers.

## OUR SERVICES

# Training

### (i) Training

EMPORIS, a Certified Partner for Ax, is noted for our proven ability to provide premier training leading to Microsoft Certification. Our training covers more than 100 satisfied clients, within a short span of one year and we have Achieved Certification completion of 75% of our Clientele.

#### Our Training Has Extended To Corporates Like

1. Dev Information Technology Pvt. Ltd., Ahmedabad
2. Lionbridge Technologies Pvt. Ltd., Chennai
3. Savvysoft Technologies Pvt. Ltd., Chennai
4. B2B Software Technologies Pvt. Ltd., Hyderabad
5. Preludesys, Chennai

and we have trainees coming in from all over India and as far as Middle East Countries, Canada and U.K.

### (I)(a) Indian Localization

Premier training provided by EMPORIS, is extended to the latest version of Service Pack-II - Indian Localization.

Microsoft has rescheduled and launched a Dynamic and Professional package Service Pack-II to professionalize the vagaries of taxes in India. The existing Service pack- I has been customized and tailored to meet out the procedures involving sales tax norms and regulations in India.

Achievement of EMPORIS in providing ultimate training in the standard Axapta learning, gives us a unique platform to train up Corporates and Individuals in the Service Pack-II (INDIAN LOCALISATION) recently released by Microsoft.

Experienced MCT's, who are professionals in the field of Ttax and Auditing handle the training for Indian Localization at EMPORIS. Thereby, EMPORIS offers speciality training in Indian Localisation within a short span of time encompassing the whole of Tax procedures.

## (ii) Implementation

Ax Implementation is one of the services, we provide to our clients with a number of business productivity tools around MS Dynamics Ax for specific business requirements. A high standard of Implementation, according to the client requirements, for the organization which is implementing a business solution, to suit all its needs is our STRENGTH.

- Understanding their desired business processes (existing & as expected after implementation of the business solution)
- Documenting the details
- Identification of gaps with respect to functionality in the solution being implemented.
- Analysis of gaps (VED analysis) & firming up the forward path.
- Master data collection, validation & migration/ data entry of the same to the new application.
- Training the user champions & end users.
- User acceptance testing.
- Implementation is carried out in a fast track manner.

**Our team includes highly experienced professionals in the field of implementation.**

## (iii) Consultation

Supporting the trainees, on completion of their Certification, is another roll-out of EMPORIS, in this Ax training. Associating with the Implementation partners, the trainees are assisted in getting placed according to their profile, once they become a Certified Professional under our able guidance. Correspondingly when the Implementation Partners or Notable Enterprises, call us for placements of Ax Professionals, we provide the suitable profiles to meet out their needs. Integrated and comprehensive assistance is provided by EMPORIS, to the Implementation Partners for queries relating to Ax, effectively.

## (iv) Upgradation

Deep expertise, with earlier exposure to MS Dynamics Ax, enables EMPORIS to offer Up-gradation of Ax, cost-effectively and with minimum disturbance to existing operations. This will no doubt keep in pace with the changing working environment of the Enterprise.

EMPORIS, equipped with the best Technical and Functional Expertise enable Upgrade services to existing MS Dynamics Ax customers, to smoothly Upgrade from the earlier versions. We complete the Up-gradation of Ax, Spanning Requirements, Capture & Analyze, Develop & Test the smooth running of the Enterprise.
